

Frequently Asked Questions

Thank you for considering us for your 2019 Christmas session. To help you decide if Santa's Magical Visit is the perfect fit for your family we will try to answer a few of the frequently asked questions.

What is this year's theme? SANTA'S WORKSHOP!

The children will be able to help Santa in his workshop. They will also share a few cookies, check out the nice list and read a page or two from a Christmas Book.

How many children can participate in the session?

Our session fee is for immediate family. (Sisters and Brothers) If your cousins wish to book a session, we can book two sessions back-to-back when possible. This will allow us to take a few images that include both families. These images will not be part of your Storybook but can be purchased separately.

How long is the session?

The Santa Workshop session will last up to 45 minutes. We allow 1 hour for each session so that if a child is a little nervous about meeting Santa we have time for them to feel safe and happy.

What type of investment am I looking at?

We create art for our clients therefore you must purchase either one Wall Art or one Custom Storybook. Custom Framed Wall Art starts at \$475.
